

Very Important Novice Non-Pro Information for 2010

Posted to the ApHC Blog by Steve Taylor – January 5th, 2010

The ApHC I.T. department has finalized the programming necessary to track novice non-pro status by class. This information will be available to customers after all show results and awards have been calculated and verified for 2009. Once the 2009 point year is closed, novice eligibility data for 2010 will be available on the ApHC Web site. The ApHC expects to have the 2009 point year finalized by January 20. After that date, novice eligibility information will be available to on-line users.

The ApHC will not send out novice stickers in 2010 due to this change. However, non-pro and youth members can access current membership status and novice eligibility information free of charge by logging on to www.appaloosa.com. Customers may still receive verification of membership status and novice eligibility by fax by calling the ApHC office to request this information (standard fax charges of \$5 for the first page and \$1 for each additional page of information apply). **

** Anyone intending to show in Novice Classes during the current show season should access their eligibility information according to the above instructions, and then print the available information so that it can be included with your entry forms when you send them to the various shows you will be attending.
